

David Inferrera

David Inferrera graduated Rutgers in 2002 as a Mechanical Engineer, is a Toms River resident of 17 years, and is married with 2 boys. Professionally, Dave has 20+ years of Navy acquisition and sustainment leadership experience. He spent 5 early years with NAVSEA managing Explosives Safety and Ordnance PHS&T programs, and then over 15 years with NAVAIR at Lakehurst advancing through a broad spectrum of program management, engineering, and supervisory leadership roles supporting organizational initiatives and a diverse portfolio of complex programs spanning the SE and ALRE communities and covering all phases of the acquisition life cycle. Dave currently serves as Head of the LKE Support Equipment Division for PEOs (JSF) and (U&W) in charge of multi-discipline SE program teams that support the F-35 Joint Program Office and several Unmanned Aerial Systems.
