

George H Wasenius, PMP

Alutiiq, LLC

VP of Operations, ES, SPS

Mr. Wasenius has over 30 years of small business management experience with military communications (C4ISR), weapon systems, engineering design and documentation, IT, integration, and installation programs . He has performed numerous contract startups that included elements such as, but not limited to, ship and shore installations starting at initial designs, ship checks/site surveys, pre-installation logistics, site prep, rip out, installation and completed full system testing of entire communication & weapon control spaces. His experience and knowledge extends across multiple branches of government and customers such as, NAVAIR, SPAWAR, USAF, USCG, DOS and several others. As the Vice President of Alutiiq's Engineering Services Group, he is responsible to support General Managers (GM) across four subsidiaries under the Alutiiq, LLC organization. His responsibilities include handling contract kickoff meetings, overseeing the development of contract execution and management plans, communication and deliverable schedule plans, monitoring and measuring of contract execution, risk management and mitigation plans. He recently led this team of GM's to achieving its ISO 9001:2015 Certificate of Registration at four separate office locations.
